

GUIDELINES FOR THE MASTER THESIS MANUSCRIPT, SUBMISSION AND PRESENTATION

The master thesis (15 ECTS) module is developed during the second semester of the master in an academic institution, research institute or a company under the tutorial and supervision of almost a professor of the Chemistry Department of UAB.

The evaluation of the master thesis module will be done considering the master thesis work, which will be elaborated and defended by the student in an oral presentation.

FORMAT AND LAYOUT OF MASTER THESIS

- The master thesis has to be written in English and must long about 20-30, using the following font: *Times New Roman 12* or *Arial 11* or *Tahoma 11*, with a line spacing of 1.5.

- The content will be structured into the main following chapters: abstract, introduction, objectives, results and discussion, conclusions, and experimental part.

- COVER content:

- UAB Logotype centered at the top part (<https://www.uab.cat/ca/identitatcorporativa/descarrega-logotip-uab>)
- Name of the master: "Master in industrial chemistry and introduction to chemical research"
- Name of the module: "Master Thesis"
- Title of the report
- The names of the author and supervisor/s (in UAB and elsewhere if applicable)
- Department, Faculty and date

- FIRST PAGE: it has to include the following text:

*Report presented to pass the module Master Thesis from Master in industrial chemistry and introduction to chemical research [Author's name and signature] Approval [Supervisor/s Names and signatures]
Bellaterra [dd:mm:yyyy]**

Deposit date in the Chemistry Department

MASTER THESIS SUBMISSION AND PRESENTATION

The submission deadlines can be found in the official master website (<https://official-master-chemistry-uab.cat/index.php/master-dissertation-information>)

Students must submit the master thesis in PDF format (by email to gestio.postgrau.quimica@uab.cat). They will bring as well **one printed copy** to the Secretary Office of the Department of Chemistry (Room C7/035) before deadline.

Contact

Elena Jiménez
Departament de Química
Gestio.Postgrau.Quimica@uab.cat
Tel. 93 581 1997

The Master thesis' presentation will be in-person. The calendar can be found in the website (<https://official-master-chemistry-uab.cat/index.php/master-dissertation-information>)

Students will have up to **20 minutes** for a public oral presentation. After that, the committee will discuss with the student about the report and the presentation for a maximum of 20 minutes.

CONFIDENTIALITY

In case that your master thesis contains confidential data, the committee members, your UAB's tutor or other people involved in your thesis presentation can sign a Confidentiality Commitment form. If this is your case, inform us so we can arrange the form's signature.

MASTER THESIS COMMITTEE

The committee will be composed by three permanent professors of the Department of Chemistry, from several areas of chemical knowledge.

EVALUATION

The committee will consider:

- The master thesis written work.
- The public presentation
- The discussion of the student with the tribunal about the report.
